

**The Experts' Choice.**

**Organic based, boosted fertiliser. 6:6:1**

- Stimulates healthy growth
- Contains naturally occurring growth stimulants
- Helps resistance to pests and diseases
- Increased organic material

Under Cover has been specifically developed for cereal and cover crop application.

Its organic base provides a full range of plant nutrients in a slow release form, whilst the selected water-soluble nutrients have been added to maximise the performance of each application.

Under Cover not only provides a primary source of nutrients to your crop in a chemical and organic form, it also acts as a catalyst for promoting healthy growth by stimulating the natural processes that occur in the soil – this ultimately aids in “unlocking” nutrients previously tied up in the soil.

Available in 40kg, 1 tonne bulk bags and bulk.

**Application**

**Cereals:** 100-300kg per hectare for pre-planting cereals and cover crops.

**Grass:** 100-300kg per hectare for established grass areas.

*Farmed animals must not be allowed access to the land for at least 21 days following application to the land.*

*Fertiliser containing organic material obtained by processing natural products and blending with water soluble chemical additives.*

Analysis		%W/W
Nitrogen (N)	as Organic	2.40
Nitrogen (N)	as Ammonium	3.60
<b>Total Nitrogen (N)</b>		<b>6.00</b>
Phosphorus (P)	as Citrate Soluble	2.00
Phosphorus (P)	as Water Soluble	4.00
<b>Total Phosphorus (P)</b>		<b>6.00</b>
Potassium (K)	as Organic	1.10
Sulphur (S)	as Organic	1.50
Sulphur (S)	as Sulphate	0.50
<b>Total Sulphur (S)</b>		<b>2.00</b>
Calcium (Ca)	as Organic	5.30
Iron (Fe)	as Organic	0.15
Zinc (Zn)	as Organic	0.03
Zinc (Zn)	as Sulphate	0.31
<b>Total Zinc (Zn)</b>		<b>0.34</b>
Copper (Cu)	as Organic	0.0005
Manganese (Mn)	as Organic	0.04
Manganese (Mn)	as Sulphate	0.47
<b>Total Manganese (Mn)</b>		<b>0.51</b>
Magnesium (Mg)	as Organic	0.50
Molybdenum (Mo)	as Organic	0.0001
Boron (B)	as Organic	0.0002
